or off-site work due on or after January 30, 2023, requires proposers to certify that they have a plan in place for creating and maintaining a [Safe and Inclusive Working Environments for Campus and OffSite Research](#) for that project

NSF recognizes that a community effort is essential to eliminate sexual and other forms of harassment in science and to build inclusive scientific climates where people can learn, grow, and thrive. Towson University's [Office of Inclusion and Institutional Equity](#) has issued [policies](#) which support these goals.

For any offsite or field work on a proposed NSF project, the Principal Investigator (PI)/Project te-2 (i) oIT.06 55

- a. Abuse of any person, including, but not limited to, harassment, stalking, bullying, or hazing of any kind, whether the behavior is carried out verbally, physically, electronically, or in written form; or
- b. Conduct that is unwelcome, offensive, indecent, obscene, or disorderly; AND
- c. Identify steps the proposing principal investigator(s)/project team will take to nurture an inclusive off-campus or off-site working environment.

As such, any PI applying for a grant where NSF is the Direct or Prime sponsor and off-site work is anticipated must complete the questionnaire below which will constitute documentation of the required plan for a Safe and Inclusive Work environment. This plan should not be submitted to NSF for review with the proposal, but it must be documented prior to submission. If changes are made to this plan, an updated version must be uploaded to the proposal folder in OSPR.

The PI is responsible for ensuring that any individuals working on this project in an off-site or off campus location receive a copy of this plan prior to commencement of their work at any off site or off campus location.

For purposes of this requirement, NSF has defined off-campus or off-site research as data/information/samples being collected off-campus or off-site, such as fieldwork and research activities on vessels and aircraft.
